Planon launches enhanced workplace app to optimize user experience and support hybrid working

Braintree, MA, March 16, 2023 – [Planon](#) has launched the Planon Workplace App, which enables organizations to provide a mobile-first, personalized connection between people and their workplace, services, and facilities.

The enhanced app helps to improve the hybrid working experience and equips users with a convenient, personalized, mobile user interface which enables them to:

- Locate and book their ideal desk, meeting room and other facilities
- Visually identify and book workspaces directly from an interactive floor plan
- Easily create requests for cleaning, catering, maintenance and other facility services
- View information about their colleagues, including when they expect to be in the office

Pierre Guelen, Planon's founder and CEO says, "The [Planon Workplace App](#) provides your employees with a mobile-first, personalized connection to their workspaces and improves access to workplace services. This increases productivity, enhances well-being and strengthens the connection between employees and their organization - one of the biggest challenges with today's hybrid and flexible working models."

The app seamlessly connects with [Planon's Integrated Workplace Management Solution](#) (IWMS) and [Planon Workplace Edition](#), and can easily be added to an existing Planon IWMS deployment or purchased with a new system. A [free 14-day trial account](#) is also available.
